

### **Statement of Intent:**

*Our vision is to promote a love of learning in Science which enables pupils to understand, enjoy and be fascinated at the world in which we live in.*

*We aim to cultivate curiosity through delivering engaging lessons that challenges thinking. We encourage our pupils to be curious learners and to develop a positive and practical approach to scientific learning. We build understanding of the 'Big Ideas' in science that are relevant to pupils' lives during and beyond school.*

*Our purpose is to develop pupils who are equipped with both theoretical knowledge and the practical skills needed to thrive in any STEM-related field.*
